Dear School Students and Parents of St. John Paul II Community,

We are honored to serve you in the 2022-2023 School Year! Last year proved to be a successful transition back to lunch service operations. We pledge to provide you with quality food and caring service under continuing safety protocols. With everything that you have to be concerned about during the school year, we work to make sure that there is one less concern…lunch! Any balances remaining from last year and years prior are combined and visible when logging in at https://diningpay.com.   Online Tutorial: https://ecimg.net/diningpay

MEAL COSTS

- PK – 1st : $6.10
- 2nd – 4th : $6.70
- 5th – 8th : $7.25

We always strive to provide the school community with the best value for their meal purchases. Our meal cost has been raised approximately $ 0.46 to cover these costs.

Over the last 18 months, there has been significant increases throughout the food industry including food away from home. We will continue to do our best to work with suppliers and keep our costs down.

SCRATCH COOKING

- Cooking from scratch with the freshest of ingredients.

- Serving a Variety of healthy, nutritious meals.

- Cook in batches between lunches to assure freshness.

Safety and Prevention

While some restrictions have slowly decreased throughout the state, ECI will remain cautions and at a minimum will adhere to all school safety guidelines.
